ELBURG YACHTING®

international yachtbrokers

Originally built as a multi-purpose vessel (MPV) by the Katwijkse Scheepswerf PeGebo. This robust motoryacht has the characteristics of a workboat, but has been finished as a luxury pleasure craft. The hull and superstructure are made entirely of aluminium, which allows the ship to move economically through the water. With the two powerful 140 hp Scania diesel engines and the hydraulic bow thruster, the ship is easy to manoeuvre. The cockpit, the sidedeck and the saloon/wheelhouse are on one level for a pleasant walk around the ship. Below deck the galley, bathroom and front cabin with a 2-person V-bed located. The headspace in the saloon is approx. 190cm and in the galley approx. 185cm. Access to a 'real' engine room is through a watertight door. Via the engine room, with good headspace, you can reach more storage space and the ships technology in the aft ship. Much has been invested in the ship in the past two years. Below is a list of the work carried out: Victron Quattro inverter/charger renewed, Victron isolation transformer installed, 3 x solar panels (175Wp) mounted with Victron inverter, Victron Cerbo display, 8 x Varta batteries 12V 180Ah installed, electric toilet renewed, mattresses in forecabin renewed, Kabola HR400 combi heater installed, refrigerator in saloon. This Patrol 1500 OK is equipped with: spinning window, foldable windscreen front window, storage under cockpit bench, cockpit cushions, wooden outer railing all around, electric capstan on the fore and aft deck, professionally equipped dashboard at the helm, Radio Holland Delta 600 follow-up steering + separate joystick rudder control, anchor locker in forepeak, hydraulically foldable mast, clearance with standing mast approx. 8.50 m and with folded mast approx. 4.50 m.

For questions and/or to make an appointment, you are welcome 7 days a week at Elburg Yachting.
