ELBURG YACHTING[®]

international yachtbrokers

This stylish and extremely robust steel motor yacht combines timeless design with modern technology and is designed for demanding water sports enthusiasts who expect comfort, performance and reliability.

On board are three full-size cabins with sleeping accommodation for six people, finished with high-quality materials and equipped with underfloor heating, air conditioning and an electrically operated Webasto sunroof. The spacious interior exudes tranquillity and luxury and offers all the amenities for a pleasant stay, both during short trips and longer voyages. Propulsion is provided by two powerful John Deere engines, supported by solar panels, a bow and stern thruster and an advanced navigation system. This equipment guarantees effortless manoeuvring and a safe, comfortable sailing experience.

With a generous headroom of approximately 2 metres and an electrically folding mast, this ship is ideal for both open water and trips on inland waterways. In 2024, the underwater hull will be fitted with new antifouling. The hull is insulated with foam, which ensures a comfortable indoor climate, even on colder days.

Inside, you will find a sleek kitchen with a Corian worktop, stainless steel sink, Siemens dishwasher and boiling water tap. There is an AEG washer/dryer combination. There are TVs in the saloon and the owner's cabin, and with the Fusion audio system including cockpit speakers, you can also enjoy your favourite music outside.

This yacht is also very energy efficient thanks to six powerful SunPower solar panels (total 2520 Wp) and a 7000W isolation transformer. Safety and connectivity have also been taken into account: there is a Wi-Fi antenna and a camera system on board. Navigation lights and multiple searchlights ensure visibility and safety, day and night.

The spacious cockpit is equipped with cushions and a table, so you can enjoy the outdoors to the fullest. The robust stainless steel railing completes the picture.

This boat is ready to sail and perfect for those seeking freedom on the water without compromising on comfort or technology.

An exceptional yacht that excels in finish, technology and ease of use, ideal for carefree sailing in style.

For questions and/or to make an appointment, you are welcome at Elburg Yachting 7 days a week.
